

RDMA and the Linux IP Stack

Mainstreaming RDMA

Christoph Lameter <cl@linux.com>

Issues

- Network configuration
 - rdmatools/iproute2 merge status
 - Address management via IP toolS
 - Qdisc layer
 - Rdma tools
- Legacy support (socket API vs. RDMA)
- Firewall configuration
- Connection management
 - security
 - Redirection
 - tracking / display
 - Counters ?
 - Additional protocol support
 -
